

## So Fine

KAPTN

I don't fuck with no socks  
I ain't afraid of no ghost  
I don't fuck with no bitch (lil bitch)  
Unless she doin' the most  
That bitch is attractive  
And that's just a matter of fact  
I'm just being polite  
I'm trying to fuck all night  
And I might just eat yo ass

I'm not shy ya know, I'm not shy ya know  
Been tryin' to get you out them clothes since like an hour ago  
You're not shy you know, baby girl  
You're so damn fine

That lil bitch fine, so fine  
She drivin' me crazy  
That lil bitch fine, so fine  
I love when she naked  
That lil bitch fine, so fine  
We might make a baby  
That lil bitch fine, fine, fine, fine, fine  
Yeah

I knew a lil bitch from around the way  
Only drank Henny and Alize  
Every time I see her I salivate  
Her daddy got a crib in the Palisades  
You could see the booty from a mile away  
Slap it one time, make a tidal wave  
So fucked up I dunno the time of day  
Suck my dick like she got a vagina face

Ooh (ay)  
Lil mama know that she the shit (ay)  
And she got that Luciano fit (ay)  
Hustlin' my flow like a pimp (ay)  
Got a whole lotta bitches jumpin' ship (ay)  
But she the baddest bitch I ever hit (ay)  
Workin' like Rihanna on the dick (ooh!)  
Next top model, shawty walk with a waddle  
'Cause she thick

That lil bitch fine, so fine  
She drivin' me crazy  
That lil bitch fine, so fine  
I love when she naked  
That lil bitch fine, so fine  
We might make a baby  
That lil bitch fine, fine, fine, fine, fine

Ooh-ooh  
You know she outta your league  
She look at you like "Why you talkin' to me?"  
Booty so big it bust outta the jeans  
She look like she just walked outta the screen  
She ain't even got enough lingerie

Brain so good she might'a skipped a grade  
Coochie so tight she could bust a grape  
Eat the pussy up, squirt it all in my face

Bend it over like a doggy do  
This might be the wettest pussy that I dove into  
I be talkin' to that pussy, it ain't spoken for, it's spoken to  
Hit it from the back, Chiropract while im recording you  
Don't know how to act, know that black liquor get to you  
Bitch I'm on your head like a hat, put this dick in you  
Smoke on a blunt, ease your mind, let's get physical  
Hit the pussy raw, have my child

That lil bitch fine, so fine  
She drivin' me crazy  
That lil bitch fine, so fine  
I love when she naked  
That lil bitch fine, so fine  
We might make a baby  
That lil bitch fine, fine, fine, fine, fine

(Really, really, really, really fine)  
Girl can you tell me how you get so fine?  
(Can you tell me how'd you get so fine?)  
I need your body near me all the time
