I want to erase the sad memories little by little
I want to hold onto you when you're far away
The time that I waited, I want to go back to

I hoped and tried yeah
I hoped and tried yeah
I hoped and tried, making effort then for you and I

Just nothing better only you
I woke up with you in mind
Jumping jumping jumping up (only you)
I'll rouse up our sleeping love
Jumping jumping jumping up (only you)
To that time, jumping up (only you)
To you, jumping up (only you)

Jumping up
Jumping up

Again I hope yeah
Again I hope yeah
Again I hope, making effort than for you and I

Just nothing better only you
I woke up with you in mind
Jumping jumping jumping up (only you)
I'll rouse up our sleeping love
Jumping jumping jumping up (only you)
To that time, jumping up (only you)
To you, jumping up (only you)

Take on me, take on me
Take on me yeah (you you you you)
Take on me, take on me
Take on me yeah

You are my diamond, only you
You melt the ice inside
Jumping jumping jumping up (only you)
Refreshed rusty memories
Jumping jumping jumping up (only you)
To that time, jumping up (only you)
Like this, jumping up (only you)

Nothing only you
I woke up with you in mind
Jumping jumping jumping up (only you)
I'll rouse up our sleeping love
Jumping jumping jumping up (only you)
To that time, jumping up (only you)
To you, jumping up (only you)
