Kara's Flowers

Only doubt is survival  
Watch you play, my friend  
Off the deep end  
And you can see what's near

What is real?  
Who knows?

What can you hide?  
I can't condone myself  
What is right?  
I loathe myself

What is real?  
Who knows?

Only doubt is survival  
Watch you play, my friend  
Off the deep end  
And you can see what's near

What can you hide?  
I can't condone myself  
What is right?  
I loathe myself  
What is real?  
Who knows?  
Your emotion in a bottle (bottle)

What is real?  
Who knows?
