

Bass Sounds

Karate

I'm here in a room and
I have things arranged.
I have them likened to code, so
they can often be changed.

An image, a sound,
they are
one in the same,
just one likes to move and
one stays the same.
one stays the same.

An image a sound they are
one in the same.
Just one likes to move, and
one stays the same.

An image a sound they are
one in the same.
Just one likes to move,
Just one likes to move,
and one stays the same.
