

# Caffeine Or Me

Karate

Brave,  
brave is a meaningless word  
in the twentieth century.

Saved,  
saved for the times that you've heard  
when it means stupidity.  
Like right now  
if you could disappear,  
I know that you would.  
If you could start this year again,  
if you could,  
if you could.

Is this me  
or caffeine,  
caffeine,  
caffeine,  
caffeine.

And I can tell by your weight to the world,  
that you need to have it all.  
And I can tell by the weight of your word  
that you're co-political  
and I would beat you up if I could  
make me feel like a boy again.  
You make violence  
feel so good,  
like it should.  
Like it should.

Is this me or  
caffeine,  
caffeine,  
caffeine,  
caffeine.

--

Excuses are ok,  
however senseless they might be.  
Senseless is to say,  
that they don't make sense to me.  
Excuses are ok,  
however senseless they might be.  
Excuses are ok.
