

Fatal Strategies

If fear comes from children
and muffled conversations
behind doors.
Politics are from lawyers,
and the cops are in it too, i'm sure.

When things get strange,
we just rearrange.
We turn it inside out.

I'm not going in today
because something strange is happening.
I'm not really mad,
not really sad,
i can't explain, just bad.
When things get strange,
we just rearrange.
We turn it inside out.
