

## If You Can Hold Your Breath

Karate

This beer is wine  
when you've got to have a good time.  
If you drink it all with me,  
we'll remember everything.  
Hold on tight  
we'll go for a ride tonight,  
head out to Walden Pond.  
Down and down and down and down the logs.

Have a party on the shore,  
and you can swim across.  
If you can hold your breath,  
you can touch the sand with your hand.  
This beer is wine  
when you've got to have a good time.  
If you drink it all with me,  
we won't know the difference  
till the morning.
