I feel, so good inside
You're my elevation
I need you in my life

I feel, like you're my fire
Addicted to your touch
You are my one supplier

Occupied with your love, ohhh
Put in work to get fly, ohhh
Friday night I got money
Just enough to get by, ohhh
I can't stop this feeling
I see how they try though
Letter to the one I love

You made me a winner
