

My World

Karel Gott

Stay beside me
Stay beside me
Say you never leave me
how I love how I love how I need you
please, believe me
in your arms I've found my heaven
and your lips have done their part

In my world
your love is all I need
in my world
let tender kisses plead
in my world
how could I ever live without you ?

in my world
my heart belong to you
so take it
and promise me you never break it
say you'll stay in my arms

I'm my world...
