Your love goes deeper in my soul
It goes deeper in my soul
Your love goes deeper in my soul
It goes deeper in my soul
Your love goes deeper in my soul
It goes deeper in my soul
I can feel your
Feel your love go deep

We're at the start
I'm like the earth without the moon when we're apart
It's not like me
But you just make it so impossible to leave

Was lost on the ocean
Been waving my heart
Been stuck on an island
A wreck in the dark

No I can't ignore
How you make it real
I've been searching for a love that I can feel

Your love goes deeper in my soul
It goes deeper in my soul
Your love goes deeper in my soul
It goes deeper in my soul
Your love goes deeper in my soul
It goes deeper in my soul
I can feel your
Feel your love go deep

Can you feel it? Oh
Can you feel it?
Can you feel it? Oh
Can you feel it?

Now I've got it all
I can't let you go
I can feel your
Feel your love go
Deeper in my soul

Now I've got it all
I can't let you go
I can feel your
Feel your love go
Deep

Your love goes deeper in my soul
It goes deeper in my soul
Your love goes deeper in my soul
It goes deeper in my soul
Your love goes deeper in my soul
It goes deeper in my soul
I can feel your
Feel your love go deep

We're at the start

It goes deeper in my soul
Your love goes deeper in my soul
It goes deeper in my soul
Your love goes deeper in my soul
It goes deeper in my soul

Feel your love go deep

Can you feel it? Oh
Can you feel it?
Can you feel it? Oh
Can you feel it?

Your love goes deeper in my soul
