

# Let's Get Together

**Karen Harding**

Let's get together, into the unknown we fall  
You got me excited and I wanna give it all  
Up all night, stay up all night  
Keep it coming  
Lose our minds, we keep it tight  
Tastes like loving

When we get together  
We get together  
When we get together  
We get together

Let's get together, into the unknown we fall  
You got me excited and I wanna give it all  
Up all night, stay up all night  
Keep it coming  
Oh, we get together  
When we get together

Oh, let's get together, into the unknown we fall  
You got me excited and I wanna give it all  
Up all night, stay up all night  
Keep it coming  
Lose our minds, we keep it tight  
Tastes like loving

When we get together  
We get together  
When we get together  
We get together

When we get together  
We get together  
When we get together  
We get together

When we get together
