

Rely

Karen Harding

(We can rely on each other uh-huh)
(From one lover to another uh-huh)
(We can rely on each other uh-huh)
(From one lover to another uh-huh)

We can rely on each other uh-huh
From one lover to another uh-huh
We can rely on each other uh-huh
From one lover to another uh-huh

We can rely on each other, ly-ly on each other
Rely on each other, uh-huh
(We can rely on each other, ly-ly on each other)
(Rely on each other, uh-huh)

Don't try to tell me this ain't love
You're scared of what this could become
No fear is ever gonna win, no, no
So lose control and just give in

We can rely on each other now we got this for life
Always have your back, baby, you've got mine
One lover to another, never misunderstood
There's so much left here to discover, when it feels so good

(We can rely on each other, other, other)
(From one lover to another, other, other)
(We can rely on each other, other, other)
(From one lover to another, other, other)

We can rely on each other uh-huh
From one lover to another uh-huh
We can rely on each other uh-huh
From one lover to another uh-huh
Uh-huh

Oh do you remember how it feels?
Waiting so long for something real
You're always there no matter how I feel
I'll lean on you, you'll lean on me

We can rely on each other now we got this for life
Always have your back, baby, you've got mine
One lover to another, never misunderstood
There's so much left here to discover, when it feels so good

We can rely on each other
From one lover to another

Oh, ooh, ooh, ooh
Oh, oh, oh, uh-huh
