

Rescue Me

Karen Harding

I'm lost when I'm without you
I love hate that I want you
Will you be there need you?
Oh
Save me when I ask you...

Could you be the one to
Rescue me

Save me from this loneliness
And rescue me

When you take me in your arms
That's where I wanna be
Won't you set me free?
Oh

Could you be the one to rescue me?

Could you be the
Be the one to

Could you be the
Be the one to

Could you be the
Oh could you

Could you be the one to rescue me?

Could you be the one to rescue me?

Could you be the
Be the one to

Could you be the
Be the one to

Could you be the
Be the one to

Could you be the

I hear your heart beating
And I just wanna keep it
Closer than a secret
Will you be there when I need it?

Could you be the one to
Rescue me

Save me from this loneliness
And rescue me

When you take me in your arms
That's where I wanna be
Won't you set me free?

Oh

Could you be the one to rescue me?

Could you be the
Be the one to

Could you be the
Be the one to

Could you be the
Oh could you

Could you be the one to rescue me?

Could you be the one to rescue me?

Could you be the
Be the one to

Could you be the
