Day Go By

Karen O

Day go by
Day break can't wait for the night to fall
Can't sleep I'm wasted, wasted
Can't sleep make it to the dawn

By the way
I really need my fix cause you got me so sick
I know
That I'm burning for you
That I'm burning for you
That I'm burning for you

Don't call the doctor, doctor
God save the doctor, something's wrong
Gonna call the doctor, doctor
Gonna tell him that my pain is gone

Time away
Tearing me apart, I wear it on my heart, I do
Can't sleep, I'm wasted, wasted
Can't stand still, I'm shaking over you

Time away
I really need my fix cause you got me so sick
I know
That I'm burning for you
That I'm burning for you
That I'm burning for you

Don't call the doctor, doctor
God save the doctor, something's wrong
Gonna call the doctor, doctor
Just tell him that my pain is gone
It's gone gone gone gone...
