

Faithful
Sunshine
Faithful
Sunshine

No eyes open
No eyes closed
No smoke on your breath
No eyes closed
No sun on the glass
No darkness
No eyes
Nobody but...

I'm nowhere
I'm no one
I'm nobody
There's nobody, but you
I'm nowhere
I'm no one
I'm nobody
There's nobody, but you

We're gonna stay up and ride
We're gonna stay up and ride
We're gonna stay up and ride
We're gonna stay up and ride

No eyes open
No eyes closed
It's not what you said
No eyes closed
No drops in the glass
No one listening
No sound
Nobody but you

I'm nowhere
I'm no one
I'm nobody
There's nobody, but you
I'm nowhere
I'm no one
I'm nobody
There's nobody, but you

No one listening
No sound
Nobody, but you
