

Rain

Karencitta

I don't wanna feel no pain
God's tears be my rain
I don't wanna be the blame
God's tears be my rain
Rain

They wanna trigger me
They wanna spit on me
They wanna step on me
Nobody bleed with me,
So, where was you when nobody would with me?
No label was callin' me?
I with nobody but myself
N the buzz, that was all on me doe'
If you buzzin', you ballin'
If you ballin', dey hatin'
If you mulah, dey chasin'
They slave you like they racist
They lurk me like the leacher's
But I smoke em like vapors
Everybody needs a savior

I don't wanna feel no pain
God's tears be my rain
I don't wanna be the blame
God's tears be my rain
Rain

You foolish if you think it
You bootless if you walk it
Lluminati wanna recruit
But I just leave em stalkin'
I'm meditated with Jim on a higher level like we Buddhist
Asian Mafia, stackin' like I'mma Jewish
Some people say I'm ruthless
Truth is that they are truthless
I stay faithful, I stay prayful
Ain't got that much but
Ma family is all I need
Dey the main reason why I breathe
Devil deaf, daze by the Satan seed
But I'mma-let the world-see

I don't wanna feel no pain
God's tears be my rain
I don't wanna be the blame
God's tears be my rain
Rain
