

Shotgun

Karencitta

N I shot, shotgun your love
I'm callin' dibs on this
Can't live like this
I'm cravin' for your sins

You fillin' my blood, bae, guess you Red Cross
Picture with you, they think it's an endorse
Middle finger up, just tell 'em to get lost
Lovin' the way that you makin' me blush
Honey, no rush, they don't know us
Let's get together, sit down n discuss
You kiss my soul, fella you bold
Our time is gold but where do we go?

I need, need to get away
Witchu is heaven on earth, come my way
Can you please say love that you crave
Show me the love that you be hidin' all day
Kiss me again n again, go to Mars
Blowin' Sublime when we doin' it hard
Ciggy n wine, forget the time
Get in the car, baby, incline

N I shot, shotgun your love
I'm callin' dibs on this
Can't live like this
I'm cravin' for your sins

You poppin' my stars, babe, keepin' me high
Ridin' witchu, they tryna kill our vibe
Accelerate the red, don't think, just go
Full tank, or low, speed it up, fuego
Now, Mr., why don't you write me a song?
Sing it like this, Bidi Bidi Bom Bom
Show me yours n I'll show you mine
Hol' me close n for a lifetime

I need, need to get away
Witchu is heaven on earth, come my way
Can you please say love that you crave
Show me the love that you be hidin' all day
Kiss me again n again, go to Mars
Blowin' Sublime when we doin' it hard
Ciggy n wine, forget the time
Get in the car, baby, incline

N I shot, shotgun your love
I'm callin' dibs on this
Can't live like this
I'm cravin' for your sins

Rebel without a reason, we be bouncin'
Goodbye to da same shitty fucked up life
Yo, I'm feelin' so wired
Wanna get higher
Pull-uh all nighter, duh
So, gimme gimme your attention

Boy, did I forget to mention?
You n me, we be fallin', revin' that engine
Callin' shotgun n I shotgun your love
