

## Gotta Know

Kari Faux

Always had to think outside the box  
Gotta keep my debit cause I'm swiping like a fox  
You with your new girl 'cause she never on your top  
She show up on the set and she keep quiet like a prop  
Never try to be something you're not  
That's what my granny told me when I was a tater tot  
I'm finna follow through on everything I plot  
Baby I'm the coolest thing that's coming out of Little Rock  
Except for whoever still flossing, spilling sauce on the sauciest  
Tryna keep ground and speaking with myself often  
Will I make a million being myself? Ain't no tellin'  
But fuck what they market if ain't no soul in what they sellin'  
So do it for the ones that's cool as fuck but not cool enough  
Used to try to impress them but now I just don't give a fuck  
You're either damned if you do or damned if you won't  
So you might as well go ahead and just do what you want

You spent most of your life  
Picking out your clothes  
What do they all think of you now?  
You've just got to know

Looking so clueless, wondering "how did I do it?"  
But you need to be worried 'bout you and all you pursuin'  
You copy-pasted the swag, you a walking moodboard  
I'm just living how I wanna while they tally the score  
But they'll never be even  
Shit, as long as I'm breathing  
Pull up to a fancy restaurant and order grilled cheeses  
Every season's my season and every day is a reason  
To stunt on a fuck nigga who don't see me as equal  
I was here before you noticed me, exactly where I'm 'sposed to be  
Still that bitch, I got you shook, I'm here to stay, get used to me  
You're either damned if you do or damned if you won't  
So you might as well go ahead and just do what you want

You spent most of your life  
Picking out your clothes  
What do they all think of you now?  
You've just got to know  
That new shirt, well it's got to impress  
All your fancy friends  
What do they all think of you now?  
You've just got to know
