

# Law Of Attraction

Kari Faux

I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn)  
(I'm just so attracted to you)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn) (Just like a magnet)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn)  
(I'm just so attracted to you)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn) (Just like a magnet)

Just like a magnet  
This energy is bringing us closer than we have been  
Than we have been  
It feels just like magic  
We're all just metal fragments waiting for attraction  
And then it happens

I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn)  
(I'm just so attracted to you)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn) (Just like a magnet)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn)  
(I'm just so attracted to you)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn) (Just like a magnet)

Just like a magnet  
The closeness that we have can't be taken for granted  
Taken for granted  
This thing's become a habit  
I feel your gravitational pull across the planet  
How do I manage?

I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn)  
(I'm just so attracted to you)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn) (Just like a magnet)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn)  
(I'm just so attracted to you)  
I'm drawn to you (I'm drawn)  
I'm drawn to you (I'm drawn) (Just like a magnet)
