

REAL BITCHES DON'T DIE!

Kari Faux

My mama seen me cry, she wiped my eyes
Things she would say to ease my mind
(Real bitches don't die!)

My auntie laid they rest, she know me best
Her words still replaying in my head
(Real bitches don't die!)

Before I leave my mortal coil
Lather me in cocoa oil
I wear my heart on my sleeve
Where the fuck you hiding yours
Plastic life, Los Angeles
All this shit I seen before
I can't trust my bitch no more
I can't trust my nigga no more
I prefer my nigga from Houston
Money keep on callin' like Bootsy
Say my name, real bitch included
I prefer my dreams lucid
Talk to God, he put me through it
Hit my mama and tell her I'm zooted
Hit my bitch like "Fuck it, let's do it!"
Tell my story, don't tell no two-est
Gemini, Gemini, Gemini, Gemini

My mama seen me cry, she wiped my eyes
Things she would say to ease my mind
(Real bitches don't die!)
