

Only Your Love

Kari Jobe

Your love is strong and mighty
Its jealousy unyielding
It burns for me like a fire untamed
Your love is all consuming
You never stop pursuing
Nothing I could face could take it away

Oh, oh, oh Your love
Oh, oh oh

Your love is like no other
Nothing else satisfies
It flows through the deepest parts
It rests on the mountain high
Your love is overwhelming
Brought me to life again
Your love, it lasts forever
In You there'll be no end

Oh, oh, only Your love
Oh, oh, only Your love
Oh, oh, only Your love

Nothing can separate us
Many trials can't hide Your love
No sorrow can wash it away

Oh, oh, oh Your love
Oh, oh, oh

Your love is like no other
Nothing else satisfies
It flows through the deepest parts
It rests on the mountains high
Your love is overwhelming
Brought me to life again
Your love, it lasts forever
In You there'll be no end

Oh, oh, only Your love
Oh, oh, only Your love
Oh, oh, only Your love

How deep
How wide
How long
How high (2x)

Your love is like no other
Nothing else satisfies
It flows through the deepest parts
It rests on the mountains high
Your love is overwhelming
Brought me to life again
Your love, it lasts forever
In You there'll be no end (repeat)

Oh, oh, only Your love
Oh, oh, only Your love
Oh, oh, only Your love
