

# Feel Alive

Kari Kimmel

So many days I feel this way  
Where's the love, where's the love, where's the love  
I'm back and forth, I'm on the brink  
Had enough, had enough, had enough

Then along, then along you come you save me  
Take me to a higher place  
There's a long, there's a long list of mistakes  
But you say it's a brand new day

You know just how to get to me and how to win  
To feel alive, to feel happiness again  
You know how to break the spell I've been in  
To feel alive to feel so happy, happy again  
Oh oh oh (woohoo!)  
Oh oh oh (woohoo!)

The clouds are dark and showin now  
Think I'm stuck, yeah I'm stuck, I can't budge  
And all the monsters comin out  
Stealin everythin good, all my love

I see a long, very long road up ahead  
But I'm too tired to go on  
Then you show up, show up, unexpected  
Hold me up, pull me along

You know just how to get to me and how to win  
To feel alive, to feel happiness again  
You know how to break the spell I've been in  
To feel alive to feel so happy, happy again  
Oh oh oh (woohoo!)  
Oh oh oh (woohoo!)

You go out of your way  
To make me feel okay  
Like every, everything roses  
Everything that you do  
I hope you realize  
You make me feel, feel so alive

You know just how to get to me and how to win  
To feel alive, to feel happiness again  
You know how to break the spell I've been in  
To feel alive to feel so happy, happy again  
Oh oh oh (woohoo!)  
Oh oh oh (woohoo!)
