

High

Kari Kimmel

Had a dream you were there with me
I was screamin' so loud it was hard to hear
It was heaven on earth it was everything
Was it what you want
Is it what you want
I never want to waste one moment
Gonna hold on tight cause it's imminent
We're getting closer, getting closer, now we're soaring up into
the sky and now you're getting me

High
You're taking me, you're bringing me, you get me
High
Intoxicating, liberating, get me
High
I can't breath without you

Was holdin on I was scared to trust
Didn't wanna let go, it was dangerous
Heart was beating so fast it was only us
It was what I want
Was it what you want
I took chance and I fell for love
Like a habit I was never gonna give you up
Was getting closer getting closer, I was soaring up into the sk
y and you were getting me high

High
You're taking me, you're bringing me, you get me
High
Intoxicating, liberating, get me
High
I can't breath without you
High
You're taking me, you're bringing me, you get me
High (is it what you want, what you want, what you want)
Intoxicating, liberating, get me
High (is it what you want, what you want, what you want)
I can't breath without you
