

Lemme Go

Kari Kimmel

Babe where you think you're goin
Tryin to drag me down but i think you're just a little late
So desperate just to get me to follow
Well I'll be good tomorrow, but tonight I'll have another drink
All the guilt in the world won't make me feel anything

Well you can take me down to the water
And wash me clean oh
And I'll say no oh oh, no oh oh
Baby no oh oh
I won't ever go
Drag your chains around me
And save my unfortunate soul
And I'll say no oh oh, no oh oh
Baby no oh oh
I won't ever go

Babe what you're tryin to do yeah
Trying desperately for me to see all my evil ways
The harder that you're pushing me to follow
It's only makin me, yeah it makes me wanna run away
I got no regrets and I'll never feel ashamed

Well you can take me down to the water
And wash me clean oh
And I'll say no oh oh, no oh oh
Baby no oh oh
I won't ever go
Drag your chains around me
And save my unfortunate soul
And I'll say no oh oh, no oh oh
Baby no oh oh
I won't ever go

if you really love me, if you really love me then let me go [x4
