

# Never Alone

Kari Kimmel

If you ever need a friend  
Call on me, I'll be there  
You don't ever have to pretend  
Or hold it all in

You try to hold your up high  
Try to find the will to fight  
You need someone to save your life  
I'll be there to bring you to the light

So take my hand  
When you're feeling scared  
Don't let anybody tell you  
That you're gonna have to do this alone  
Look up  
I'll be right there love  
Don't let anybody tell you  
That you're gonna have to do this alone

I know that you lie awake  
Wondering how much more to take  
To end it all and ease the pain  
All you want is to escape

You're sure that no one else can see  
The doubt inside, all the tears  
Can't hold on for one more day  
Nothing seems to take it all  
Take it all away

So take my hand  
When you're feeling scared  
Don't let anybody tell you  
That you're gonna have to do this alone  
Look up  
I'll be right there love  
Don't let anybody tell you  
That you're gonna have to do this alone  
Cause you won't ever have to do this alone

It's getting louder and you can't even think anymore  
It's getting harder and you can't even scream anymore  
You can barely stand, and you can't fight anymore  
Just don't give up, you are heard and loved

When you're feeling scared  
Don't let anybody tell you

So take my hand  
When you're feeling scared  
Don't let anybody tell you  
That you're gonna have to do this alone  
Look up  
I'll be right there love  
Don't let anybody tell you  
That you're gonna have to do this alone  
Cause you won't ever have to do this alone
