

One in a Million

Kari Kimmel

Be yourself, even it's different
From everyone else
Don't be afraid of what you're feeling
Just stand your ground
Hold on tight and never give in
Be confident
You'll feel alive and you'll be winning

Whoa
You're one in a million
A million colors a million shapes
Whoa
You're one in a million
You're one in a million

Take your time
No apologies are needed
Just give it a try
You'll be everything you're dreaming
You might inspire
So many others all along the way
To finally live
To stand strong and be brave

Whoa
You're one in a million
A million colors a million shapes
Whoa
You're one in a million
You're one in a million
