Save Me

Kari Kimmel

If I try to [?] today
But I fell down and miss the way
Would you save me
Tonight
If I wanted to escape

Somehow get back to yesterday
Would you save me
Would you save me

If I laugh, if I cry
If I only have one day to be by your side
You would see in my eyes
I was standing here waiting for the longest time

If I build another bridge
As such as one more side you'd miss
Would you save me
This time

If I try my very best
Told you everything I can face
Would you save me
Would you save me

If I laugh, if I cry
If I only have one day to be by your side
You would see in my eyes
I was standing here waiting for the longest time

If I laugh, if I cry
If I only have one day to be by your side
You would see in my eyes
I was standing here waiting for the longest time
