

## Sinners & Saints

Kari Kimmel

Prayin harder now than I ever did before  
It's almost over now, I'll be worrying no more  
Who will save this wreckless soul of mine  
Who will save me tonight

Seconds counting down and I'm holding my last breath  
My heart's pounding hard, soon I'm gonna be laid to rest  
Where I'm going I must go alone  
Who will save my soul

Ooh ooooh

Sinners take me down while you're laughing in my face  
Cast your judgement then forget me and walk away  
Don't look in the mirror you might see  
You're so guilty just like me

Ooh ooh ooh

Only moment's left, my time is running short  
Don't know what comes next, so I'm praying out to my Lord  
Hell's begun or ending guess I'll see  
Who will come and save me

Ooh ooh ooh
