Trouble

Kari Kimmel

Compliment me, second guess me
Tell me what is real
No matter what you do I feel so lucky
Sitting at home with you

You know what to say
When we are alone
You really got me going
I'm in love, now I know I'm in trouble, I'm in trouble, trouble
There you go, there you go
Causing trouble, causing trouble, trouble

Strong enough to break my heart
Somehow I let it get out of hand
So many ups and downs, I feel unstable
Now you're wrecking my simple plan

You know what to say
When we are alone
You really got me going
I'm in love, now I know I'm in trouble, I'm in trouble, trouble
There you go, there you go
Causing trouble, causing trouble, trouble

Oh you're trouble, trouble
There was a time when I was safe
Yeah I was safe
Didn't have to worry
Had nothing, nothing to lose
And now I'm a fool
With emotional breakdown

I'm in love, now I know I'm in trouble, I'm in trouble, trouble
There you go, there you go
Causing trouble, causing trouble, trouble

I'm in love, I'm in love, I'm in trouble, I'm in trouble, trouble
There you go, there you go
Causing trouble, causing trouble, trouble
Oh you're trouble, trouble
