

# In Here

**Kari Rueslåtten**

Right here  
in what remains of the night.  
My vision is finally clear  
from my view up high  
I see sign on the surface  
feel the tide closing in, closing in  
coming in, coming in here

I can feel the presence of the past  
of my dreams and of my hopes  
this is my home  
I shall stay eternal here

I summon my sorrows  
let me touch Thy absence  
My thoughts  
are finally gathered  
feel the tide closing in, closing in  
coming in, coming in here
