

Gravity

Karl Wolf

You're pulling me in
Nothing I can do
Got me feeling like an asteroid
Heading straight for you
I'm about to crash
Feel a feeling burning through
And I'm spinning, I'm spinning
Hitting gravity and just falling for you

Tell me something I don't already know
You call it crazy, I say beautiful
You say she'll run me down, she'll spin me round
She'll break my heart for sure, oh
Tell me something I don't already know

'Cause you're no good for me
Got me looking for air
So many fish in the sea (go on and tell me again)
Mmh, on my way to you, on my way to you, on my way to you
And let me tell you

That you're pulling me in
Nothing I can do
Got me feeling like an asteroid
Heading straight for you
I'm about to crash
Feel a feeling burning through
And I'm spinning, I'm spinning
Hitting gravity and just falling for you
Hitting gravity and just falling for you
Hitting gravity and just falling for you

I know what you're saying, I probably should think twice
But I only listen to my heart's advice
Oh, I've been around, I know the crowd
I've seen it all before, oh-oh
Tell me something I don't already know

'Cause you're no good for me
Got me looking for air
So many fish in the sea (go on and tell me again)
Mmh, on my way to you, on my way to you, on my way to you
And let me tell you

That you're pulling me in
Nothing I can do
Got me feeling like an asteroid
Heading straight for you
I'm about to crash
Feel a feeling burning through
And I'm spinning, I'm spinning
Hitting gravity and just falling for you
Hitting gravity and just falling for you
Hitting gravity and just falling for you

Falling, falling
Your body keeps calling, calling

You got me like all in, all in
Hitting gravity and just falling for you
Falling, falling
Your body keeps calling, calling
You got me like all in, all in
Hitting gravity and just falling for you

You're pulling me in
Nothing I can do
Got me feeling like an asteroid
Heading straight for you
I'm about to crash
Feel a feeling burning through
And I'm spinning, I'm spinning
Hitting gravity and just falling for you

You're pulling me in
Nothing I can do
Got me feeling like an asteroid
Heading straight for you
I'm about to crash
Feel a feeling burning through
And I'm spinning, I'm spinning
Hitting gravity and just falling for you
Hitting gravity and just falling for you
Hitting gravity and just falling for you
Hitting gravity and just falling for you
Hitting gravity and just falling for you
Hitting gravity and just falling for you
