

Peace Out

Karl Wolf

Help me understand on everything we were
This isn't what we are
You understand 'cause how I'm feeling right now left in the dark
I gave you chances mama I gave you chances girl
I even have my own world
Ground ground your favorite girl
I just wanna leave it
I just wanna go
I can't believe I'm here so I'm about to peace out
Peace out peace out, I'm out of here baby
Peace out peace out, peace out, peace out I'm out of here baby.

Don't just go about the shady waste don't even try to... me
Consider me history like...
Peace out peace out peace out, I'm out of here baby
Peace out peace out peace out, I'm out of here baby
Peace out.

Remember the time I gave you everything
And you hide it like that, right there
But you in love... isn't not my heart and now it stopped...

I gave you chances mama I gave you chances girl
I even have my own world
Ground ground your favorite girl
I just wanna leave it
I just wanna go
I can't believe I'm here so I'm about to peace out
