

The Feeling

Karl Wolf

Imma go with the feeling
Imma go with the feeling
Imma go with the feeling

Stop waiting on me
You try change me up
But I miss me
Baby, I miss me

Watching me bleed
The glow up in the dark is so beastly
I'm on a mean streak

They callin' my bluff
I'm going in, an eye for an eye
And when the push comes to shove
I just can't hold it back, no more lies
So tonight...

Imma go with the feeling
Imma go with the feeling

It's like I'm glowing in the dark
I'm done trying to be somebody's reason
And then they stab you in the back
You try to stay alive but it's not easy
I'm bleeding

They callin' my bluff
I'm going in, an eye for an eye
And when the push comes to shove
I just can't hold it back, no more lies
So tonight...

Imma go with the feeling
Imma go with the feeling
Imma go with the feeling...
