

Every time you leave

Karma

R1: Every time to leave I feel so fine.
I was crying all the time.
I can't take more of you, no I can't take
and you made my heart break.

R1: Every time to leave I feel so fine.
I was crying all the time.
I can't take more of you, no I can't take
and you made my heart break.

Every time you come to me,
you only make me cry,
no more worries, forget all the pain,
the days of passion, the lonely nights.

Feel all the heartache,
inside yourself,
and walk out of my life,
you are the last thing on my mind now
and I know I will survive.

I was crying all the time.
I can't take more of you, no I can't take
and you made my heart break.

By the way I count on you,
thought you made me cry,
all the sadness, forget all the pain,
the nights of passion, the joyful nights.

Feel all the heartache,
inside yourself,
and walk out of my life,
you are the last thing on my mind now
and I know I will survive.
