Hahahahaha you're beat
Hahahahaha you're beat
Hahahahaha you're beat

Take a look at your own face
To see it's a disgrace
To know what you held in your hand
What you see is your own fear
There's nothing to see here
There's nothing you want, but you will
To know if you want to
To know if you have to
To make this decision on your own
Always look and disturb me
To see if you beat me
I know you'll try but you won't win

You live this lie every day
There's nothing here for me to say
It doesn't matter anyway
'Cause I don't give a fuck

So this is the calling
Yes this is the warning
I'm letting you know where you stand
You took me for granted
You said that I planned it
Don't dump your shit back on me
You got what you came for
To settle your own score
You're living this life in a dream
So run with your eyes closed
I hope that you won't fall
The reason to find me in the end

You live this lie every day
There's nothing here for me to say
It doesn't matter anyway
'Cause I don't give a fuck about you

You see, lie lonely
I try, you build me

You live this lie every day
There's nothing here for me to say
It doesn't matter anyway
'Cause I don't give a fuck
You run, you hide
You know you can't decide
Which way to turn so you might as well stay

What the fuck did you say
What the fuck did you say
What the fuck did you say
Oi, I say what the fuck
