

# BEAUTIFUL BOY

Karol G

You're way too beautiful, girl  
That's why it'll never work  
You'll have me suicidal, suicidal  
When you say it's over

You're way too beautiful, girl  
That's why it'll never work  
You'll have me suicidal, suicidal  
When you say it's over

Bebé dime lo que me hiciste, ¿viste?  
Tú no eres normal, ¿de dónde saliste?  
Cambiaste lo que estaba triste, ¿viste?  
Y hasta me encanta como te viste'  
Baby yo no, te juro no creía en el amor, no  
Pero tú me convertiste, mira lo cursi que me volviste (Eh, eh)  
No existe comparación, corazón  
Eres tú la razón por la cual yo escribí esta canción  
Cambié mis planes ya casi ni salgo  
Prefiero estar contigo en mi habitación  
Viendo películas (Eh) y aunque suene ridícula (Eh)  
Así me volviste tú y tu nombre ya lo tengo de tattoo

My beautiful boy  
I love you  
And you're my beautiful boy  
Te quiero  
Baby, no te vayas  
Es que tú me encantas

My beautiful boy  
Te quiero  
Es que te quiero pa' mí, me encantas  
No te vayas  
Quédate (It's over)

(Luda!)

Mi linda, hermosa  
Mi amor, baby come closer  
Toast to forever being the woman of my dreams  
Every king needs a king, la reina reign supreme  
I'll shower you with all my love, turn around and be all in the club  
They say it's commit when you young and you rich  
Poof, like a magician I be all with the tricks  
You calling me on my mobile phone  
Saying stop playing with your corazón  
Heart beats so loud the heart speaks and what the heart finds in love, the heart keeps  
Man, but I don't think I deserve you  
I promise that I never meant to hurt you  
Words giving you reasons, change like the seasons  
Invierno, I left your world freezing

My beautiful boy  
I love you  
And you're my beautiful boy  
Te quiero

Baby, no te vayas  
Es que tú me encantas (It's over)

Too beautiful, girl  
That's why it'll never work  
You'll have me suicidal, suicidal  
When you say it's over

O-O-Ovy On The Drums
