Ocean

Karol G

If tomorrow we had to part ways
I'd still love you always
Yah, yah, yah
It's a forever, no matter what happens to you, love
And if anybody hurt you they hurt me
Any time that you're in pain I get no sleep
And I put this on my life babe
Hand up to the sky, I ain't letting us go

I swear that when I'm beside you
Feel like you're the one that deserves all my I do's
Can't never find another even if I tried to
And if you die before me, I pray that I die too

Me siento grande por ti
Y aunque lo intentara, no podría sin ti
Toda mi felicidad es gracias a ti
Y si yo me muero volvería por ti, por ti

You ever meet someone and think God was listening
Before I had you in my life baby I missed you, oh, oh
Got me swimming in emotions
Got you close but I need you closer
Haven't felt this way since my first love
And the last one had me feeling worthless, oh, oh
Don't know how you got me open in the ocean

I swear that when I'm beside you
Feel like you're the one that deserves all my I do's
Can't never find another even if I tried to
And if you die before me, I pray that I die too

Me siento grande por ti
Y aunque lo intentara, no podría sin ti
Toda mi felicidad es gracias a ti
Y si yo me muero volvería por ti, por ti

A tu lado todo no es perfecto, pero sí mejor
Y cada detalle tuyo e' mejor que el anterior
Aquella canción
Y cuando decoras con rosas mi habitación, eh

Vamos a enseñarle al mundo lo que es amor
Tú y yo podemos juntos, eh
Porque amo toda' las locuras de tu mente
Y así me encanta presumirte ante la gente

I swear that when I'm beside you
Feel like you're the one that deserves all my I do's
Can't never find another even if I tried to
And if you die before me, I pray that I die too

Me siento grande por ti
Y aunque lo intentara, no podría sin ti
Toda mi felicidad es gracias a ti
Y si yo me muero volvería por ti (Por ti)
