

One Heart

Karyn White

Relax your mind
I'm not the kind of woman who wants her lovers in quantity
What's more important is the quality of love
That you show so sweet so gentle
You're all that I want my man to be
And loving you comes so naturally

Oh baby, I want the love that only you can bring
And I can only separate our feelings
And cause you to be insecure with me

Just one heart is all a woman has to give
I only have one heart that feels and one heart to love with
And one heart of this you can be positive
I only have one hear that feels and my one heart beats for you

I'll search no more
Cause you're the only man that I adore
I'll be your faithful lover
And all the love you give is love you will receive
Oh, you're so wonderful
I know together we can win
Just open your heart and let me in

My my my baby don't you be afraid
Cause everyday we're both faced with temptation
But I'm gonna tell you what I'm gonna do with

One heart is all a woman has to give
I only have one heart that feels and one heart to love with
And one heart of this you can be positive
I only have one heart that feels and my one heart beats for you

With every pulsing heart throb
I fall a little deeper in love
I pledge devotion
My emotions and all the love I share will be with you

Cause I got one heart
So baby feel secure
It beats for you, beats for you, only you
I'm gonna give it to you, yeah baby
You know you know you know you know

My one heart does beat for you
The love I feel is really true
The kind of love that's one on one
The kind that you always dreamed of
My one heart does beat for you
The love I feel is really true
The kind of love that's one on one
The kind that you always dreamed of
I do love you, darling I do
I do love you, baby I do
The kind of love that's one on one
The kind that you always dreamed of
I do love you, baby I do

I do love you
The kind of love that's one on one
The kind that you always dreamed of
And my one heart does beat for you
One heart
For you
