

# Algorithms

Kasabian

We're not here for a long time  
Just here for a good time  
This one's for the weirdos  
One day we'll be heroes

I'd see you every night if I could  
Stuck like glue, hanging out in your neighborhood  
Just watching the days roll by before

Algorithms taking control  
The robots believing they have a soul  
They'll never feel love  
Oh-oh, like this

We're not here for a long time  
Just here for a good time  
Oh, this one's for the zeroes  
One day we'll be heroes

I'd see you every night if I could  
Try to understand, I got you holding  
Back the flood  
Do you remember the days before

Algorithms taking control  
The robots believing they have a soul

I'll tell you 'bout it one sunny day  
I'll whisper to ya before you go away  
You lift me up from solid ground  
I promise you, I'll never let ya  
I won't let you down, because

Algorithms taking control  
The robots believing they have a soul  
They'll never feel love  
Oh-oh, like this
