Kasabian

Never stop, never stop this feeling
Never stop, never stop this feeling
Never stop, never stop this feeling
I don't want it to end
I don't want it to end

Never stop, never stop this feeling
Never stop, never stop this feeling
Never stop, never stop this feeling
I don't want it to end
I don't want it to end

There she is, my lady
She is the newest of newest
She gets the highest, the highest
No one can ever get near her
No one can ever get near her

Never stop, never stop this feeling
Never stop, never stop this feeling
Never stop, never stop this feeling
I don't want it to end
I don't want it to end

Never stop, never stop this feeling
Never stop, never stop this feeling
Never stop, never stop this feeling
I don't want it to end
I don't want it to end

There she is, my lady
Bigger than all your messiahs
Putting out all of the fires
I'll rob banks for you, babe
I'll rob banks for you, babe
I'll spill the beans for you, babe

Never stop, never stop this feeling
Never stop, never stop this feeling
Never stop, never stop this feeling
I don't want it to end
I don't want it to end
