

Comeback Kid

Kasabian

Kingpin on a cut back
Kingpin on a cut back
With sunken eyes
Big cheese in a bedsit
Big cheese in a bedsit
A shit disguise

Stick and move, say do you want to try me
You should have left me just where you found me
See, you're dreaming, thinking what it could be
You'll have to trust me, just don't believe me

Reap what you sow
Comeback Kid
Says hello
Here, here we stand
Side by side
Don't let go
Of my hand

Sasquatch in a bin bag
Sasquatch in a bin bag
It's no suprise
Nosebleed in a pound shop
Nosebleed in a pound shop
Spitting flies

Stick and move, say do you want to try me
You should have left me just where you found me
Say goodnight, I'm 'bout to hypnotise you
Now here it comes, I just thought I'd warn you

Reap what you sow
Comeback Kid
Says hello
Here, here we stand
Side by side
Don't let go
Of my hand

Back when you know you shoulda sent to do it on a mission
You were the only one who said you'd stay if you could have it
I guess you want it, guess you want it, guess you want it
I guess you want it, guess you want it, guess you want it
I still don't know if you do want it, do you want it, do you?
Do do you want it, do you want it, do you want it, do you?

Reap what you sow
Comeback Kid
Says hello
Here, here we stand
Side by side
Don't let go

Reap what you sow
Comeback Kid
Says hello

Here, here we stand
Side by side
Don't let go
