Kasabian

Doomsday, I am not prepared to go  
There's no way I'm going  
I'm never gonna show

Some say, it gets better after this  
Waiting for a better life  
I'm waiting to get pissed

What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get

I can take you places that you never have seen  
Take you to a world where you live inside a dream  
And if you wanna go there  
I will take you to the top  
Leave it all behind cause we're never gonna stop

We live and we die  
We reach for the sky  
We hold our heads high  
We hold our hands high

We live and we die  
We reach for the sky  
We hold our heads high  
We hold our heads, so high

What you, what you got to say to me?  
The dead will never be alive  
But the dead will always be

So here is, here is everything you need  
By the time you realise  
I'll be sailing on the breeze

What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get

What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get

I can take you places that you never have seen  
Take you to a world where you live inside a dream  
And if you wanna go there  
I will take you to the top  
Leave it all behind cause we're never gonna stop

Never gonna stop, never gonna stop, never gonna stop

We live and we die  
We reach for the sky

We hold our heads high  
We hold our hands high

We live and we die  
We reach for the sky  
We hold our heads high  
We hold our hands, so high

What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get

What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get with me (uh oh)  
What you see is what you get
