

# G.O.A.T

Kasabian

Seconds out  
Round one  
Feel it in your heart now the time is come  
You can be the greatest of all time  
You could be the greatest of all

G-O-A-T  
Gotta do it now, or you'll never see  
You can be the greatest of all time  
You can be the greatest of all

You're an icon  
Don't ever compromise  
Gotta be strong  
Love will always find a way  
Don't let 'em bring you down  
Hit 'em hard, hit 'em hard

Seconds out  
Round two  
Look into the sky 'cause you know it's true  
You could be the greatest of all time  
You could be the greatest of all time

G-O-A-T  
Gotta tell 'em now who you're gonna be  
You can be the greatest of all time  
You can be the greatest of all

You're the magic  
You're the reason why they came  
Automatic  
Love will always find a way  
And you're way before your time  
Let 'em fly, let 'em fly

Batter up  
Don't be late  
Money in the bag  
Don't you hesitate  
You can be the greatest of all time  
You can be the greatest of all

You can be the greatest of all time  
You can be the greatest of all  
You can be the greatest of all time  
You can be the greatest
