

Passengers

Kasabian

Nobody's getting out alive, I say, oh-ee-oh
Only passenger on this ride, I say, oh-ee-oh
And everything is lost
And you couldn't give a toss

Bombs away
It is easy as they say
Drowning in the ocean
By the way
Now your sky has turned to grey
And you're falling in slow-motion

This is what you wanted
Oh
Oh
This is what you wanted

Nobody's getting out alive, I say, oh-ee-oh
Maybe see you in another life, I say, oh-ee-oh
'Cause everything is lost (It doesn't matter)
And you couldn't get enough (What you were after)
Of yourself

Bombs away
It is easy as they say
Drowning in the ocean
By the way
Now your sky has turned to grey
And you're falling in slow-motion

This is what you wanted
Oh
Oh
Bombs away
Oh
It is easy as they say
Oh
Drowning in the ocean

By the way
Oh
Now your sky has turned to grey
Oh
And you're falling in slow-motion
This is what you wanted
