

Thick as Thieves

Kasabian

Em Am G B Em Am G B Am G

Em Am
There we were thick as thieves
G B
Frightened by shadows and the autumn leaves
Em Am
We wore stolen hearts, vintage souls
G B
Aided by lies amongst the media foes

B Em G
And hey ho where did it go?
Am B
When did we lose our sight?
Em G
And it's a nice show the ones we perform
Am B
Performing them day and night
B Am G Em Am G Em
Night...

Em Am
See the lines upon my face
G B
Walking circles with the human race
Em
And all the little people
Am
They want to be free
G
But I can't get there
B
Cause I got you holding me back

B Em G
And hey ho where did it go?
Am B
When did we lose our sight?
Em G
And it's a nice show the ones we perform
Am B
Performing them day and night
B Am G Em
Night... Let me be free

Em G
La lalala la lalala
Am B
la lalala la la la la
Em G
La lalala la lalala
Am B
la lalala la la la la

Em Am G B
I gave you all of your scares, but you gave me mine

Em **Am** **G** **B**
 I gave you all of your scares, but you gave me mine
Em **Am** **G** **B**
 I gave you all of your scares, but you gave me mine
Em **Am** **G** **B**
 I gave you all of your scares, but you gave me mine
B **Am G Em**
 Let the light sing again

Em **Am**
 There we were thick as thieves
G **B**
 Frightened by shadows and the autumn leaves
B **Em**
 Goodbye my sweet, goodbye, goodbye..
