

Do You Remember?

Kasey Chambers

Dad, do you remember
When I was a little girl
Did I wonder why the world was round?

Kasey, I used to tell you each night
If the world wasn't round, it'd all tumble down
You'd fall off the edge, the sun wouldn't set
If the world wasn't round

Dad, do you remember
When I was a little girl
Did I wonder why the sea was deep?

Kasey, I used to tell you each night
If the sea wasn't deep, the whales couldn't sleep
The ships wouldn't float, there'd be no fishin' boats
If the sea wasn't deep

Dad, do you remember
When I was a little girl
Did I wonder where I came from?

I found you under the Christmas tree
Dad, that doesn't sound right to me
I found you inside an Easter egg
Dad, could you be pullin' my leg?

Kasey, I'm gonna tell you the truth
We made you with love and stars from above
With rain's little drops and sugar on the top
That's where you came from
(That's where I came from)
