

Dividends

Kash Doll

I just came in here for the dividends
I just came in here for the dividends
2 commas, need a million
3 commas, need a billion
I just came in here for the dividends
I just came in here for the dividends
2 commas, need a million
3 commas, need a billion
Money, money, money
Money, money, money
If you ain't getting money
You ain't getting money
Money, money, money
Money, money, money
If you ain't getting money
Can't get nothing from me

I need at least 2 commas, cause I ain't that kind
Not even fifty k, could get me out my pajamas
I need one point something, cause I want one point nothing
Had to turn in to something
And nothings not an option
When your life is worth fortune
I want it all, fuck a portion
I love the way my hair blow in that Panamera Porsche
And I love the [?] on my wine pop cork
I'm in a pent house top floor, and love a silk Versace robe
That I keep my pussy sweetened, my nigga do you hear me?
When I say you can't afford me, I'm all about my Benji's
Bitch never will I fall, I made the game look pretty
Bitch my name Kash Doll!

It's Kash Doll vs Keisha, hoe
The flow hot but some people say that Keisha cold
I just came here for the motherfucking piece of dough
I want the greens like the motherfucking reefa smoke
Designer bitch, double C's on my low low
Chanel bag, I'm in love with that Coco
Chocolate bitch, he in love with that cocoa
I make it bounce, he in love with the pogo

I'm just saying that my diamonds be Rosetta Stone
Foreign shit, need a passport to get 'em home
Roof disappear, and now the top gone
I need some motherfucking butter on my popcorn
Get it right!
