

Intro

Kash Doll

Look, I be exploring the foreign
With more power than stars
On my new new shit, like my name is Rashaad
And my punchlines seasoned plenty minds
Like it's time
So, if he ever tell you he ain't feeling me
He lying!
Shout out to me, all on BET
I'm a very rich chick, on my Nene Leakes
I'm a boss, every move gotta come through me
Murder broads in my minks
May they rest in peace
And I'm still the top chick
Any bitch think I drop dick
Get higher than Mariah
And she like a five octave
Stop it! Please stop it!
Blowing money
All in Neiman's in there Diddy bopping
And you know I came to murder it
My city watching
I'm so humble, I'ma front like I don't do this often
It's Kash Doll, bow down, and kiss the ring
Soon as this paperwork done
I'm touching everything
A murder scene

Haha
Yeah, that way!
The doll way!
