

## KashDoll Intro

Kash Doll

So everyones been wondering why  
Kash Doll's been rapping on everyone else beats  
And why she's been riding other people waves  
And, um, why she's killing all these remixes?  
It's because I can't put my own original music out, okay?  
It's because I signed myself in a hoe ass contract  
I did that and now I'm trapped inside of a fucking dollhouse  
And I wanna get out of this shit  
No way to escape the dollhouse  
But you know what?  
Timing is everything and I think God has perfect timing  
So right now, I'm just gonna get on every fucking beat there is  
And I'm gon' murder it  
Haha, that's right, I'm gon' murder it  
Haha  
Nobody's beats safe motherfucker!
