

Stupid

Kash Doll

I can't go nowhere without somebody knowin' my nigga
I can't say shit 'cause I know when they call, you pick up

And you know you gon' be hurtin' if I hop in my Birkin
'Cause you know you don't deserve me, why you out here actin' stupid?
'Cause you got the coolest bad bitch, still chasin' below average
Not 'bout to have me lookin' stupid
'Cause you know I'm out of your league, but you kept them feelin' equal
To me, my God, why you so

How the f*** you have the world in your hands, then you dropped the ball? (How you do that?)
Thought it was a game, till you lost it all
You had a bad bitch, top notch, everything cold (Everything cold)
Hair done, nails done, everything froze (Tuh)
Like how the fuck you put me second when you came first? (I put you first)
Said this pussy was a blessin', had you sayin' church (Amen)
Now I ain't goin' out like no fool
When I jump up in my bag, I'll be cool off you (Whatever, man)

And you know you gon' be hurtin' if I hop in my Birkin
'Cause you know you don't deserve me, why you out here actin' stupid?
'Cause you got the coolest bad bitch, still chasin' below average
Not 'bout to have me lookin' stupid
'Cause you know I'm out of your league, but you kept them feelin' equal
To me, my God, why you so

Goddamn, why the fuck you so? (Stupid)
Playin' childish-ass games, like you fuckin' wit' a lame
I don't get it, nigga, why you (Just be doin' shit)
And I don't even catch feelings, boy, I only catch planes
Yeah, you foolish
You gotta look at her like, nah, she a wanna be Kash Doll
Blah, blah, bitches just be (Doin' shit)
Since you for everybody, better fuck with everybody 'cept me (Not me)

And you know you gon' be hurtin' if I hop in my Birkin
'Cause you know you don't deserve me, why you out here actin' stupid?
'Cause you got the coolest bad bitch, still chasin' below average
Not 'bout to have me lookin' stupid
'Cause you know I'm out of your league, but you kept them feelin' equal
To me, my God, why you so stupid?

Just be doin' shit
And you foolish
Just be doin' shit
